THE SPIRIT OF THE FAR SOUTH

At Tierra Patagonia we have a great love of life, of plants, animals and people, and a great respect for the Earth and all its resources and majesty. We believe our guests share our fascination, and we invite the curious travelers of the world to join us for adventures in faraway and beautiful Chilean Patagonia.

TIERRA PATAGONIA HOTEL & SPA

Tierra Patagonia is friendly and welcoming and our location is sublime. Set in the uttermost south of Chile, we overlook Lake Sarmiento and the towering peaks of Torres del Paine National Park which was named a UNESCO Biosphere Reserve Site in 1978. The hotel is surrounded by nature, in splendid isolation with the nearest settlements some distance away.

At Tierra Patagonia we are committed to providing our guests with:

- Authentic active experiences in magnificent Chilean Patagonia
- Knowledgeable guided access to the local flora, fauna, geology, culture and history
- Relaxation, fun, delicious food, and memories for a lifetime

HOTEL DESIGN AND FACILITIES

The hotel architecture and interiors radiate an ambiance of Patagonian warmth and comfort. Large windows give excellent views from the public spaces and all 40 guest rooms.

Hotel facilities include living room and bar, dining area, guides' presentation room, library, TV lounge, WiFi, indoor pool, outdoor Jacuzzi, and full Uma Spa. Guest rooms have lovely bedding and bathrooms with amenities by L'Occitane. A large, always-lit fireplace welcomes guests in Patagonian style.

ROOMS

The hotel has 3 suites and 37 double rooms. All rooms have beautiful views across the lake to the mountains of the National Park. Six family apartments sleep up to six people in two connecting rooms with two bathrooms. Suites have a downstairs bedroom and bath and a living room upstairs. Room sizes are 36 m² (387 sq.ft.) for the doubles, 55 m² (592 sq.ft.) for the suites, and 72 m² (775 sq.ft.) for the family apartments. All rooms have hair dryer, safe, heating, tub and shower.

ADVENTURES, EXCURSIONS AND ACTIVITIES

Tierra's excursions discover the Torres del Paine National Park and the ranches and pampas around the hotel. Our expert guides help guests to spot endemic birds, plants and animals, and to experience the mountains, pampas, woods, ridges, ranches, glaciers, rivers, lakes and waterfalls of Patagonia. Guides meet daily with guests to help select the best excursion for them, given individual interests and fitness. Options include walks, treks, horse-rides, bicycle rides and van-rides. There is a wide choice of

indoor activities and informative talks, and the Spa services and indoor swimming pool are ideal after an adventure-filled day. Staying in for quiet time to read, chat, or nap by the fireplace is a popular activity too!

FOOD AND WINE

Tierra's Chef uses local seafood from the Straits of Magellan, lamb and beef from the neighboring ranches, and local Calafate berries to prepare healthy, delicious meals. The weekly Patagonian "asado" or barbecue features the slow-cooking of a lamb over coals. These asados were a highpoint in the lives of early settlers and remain so for the local people today. Guests will enjoy our extensive menu of Chilean wines, Patagonian hot whisky drinks or classic Chilean pisco sours.

SPA AND POOL FACILITIES

The Uma Spa is a Tierra Hotels standard bearer offering steam bath, sauna, heated indoor pool with jets and cascades, outdoor Jacuzzi, and locker rooms with lush towels and robes. Uma Spa treatments include all types of massages and facials using local elements, stones and waters.

SUSTAINABILITY AND GREEN POLICY

Privileged to be located amidst such pristine natural beauty, we are committed to its protection. Our aim is to provide the best Adventure Spa services with the least impact possible. Sustainability is a strong factor in all our decision making.
